RE: EX PARTE: CC Docket No. 94-102

Dear Mr. Caton:

This letter shall serve as notification that, on April 9, 1996, Bob Zicker and the undersigned, representing GTE Mobilnet and GTE Service Corporation respectively, met with John Cimko, Nancy Boocker, Michael Wack, Peter Wolfe, Ron Netro and Won Kim of the Commission's Wireless Telecommunications Bureau. The purpose of the meeting was to discuss issues concerning the processing of 911 emergency service calls by wireless service providers. The attached diagram was used to illustrate how cellular calls, including calls to 911 emergency service providers, are processed. GTE's position on specific issues is reflected in its comments and reply comments previously filed in the record of this proceeding.

Please include this notification, and the attached diagram, in the record of this proceeding in accordance with the Commission's rules concerning ex parte communications.

Questions concerning this matter should be directed to the undersigned.

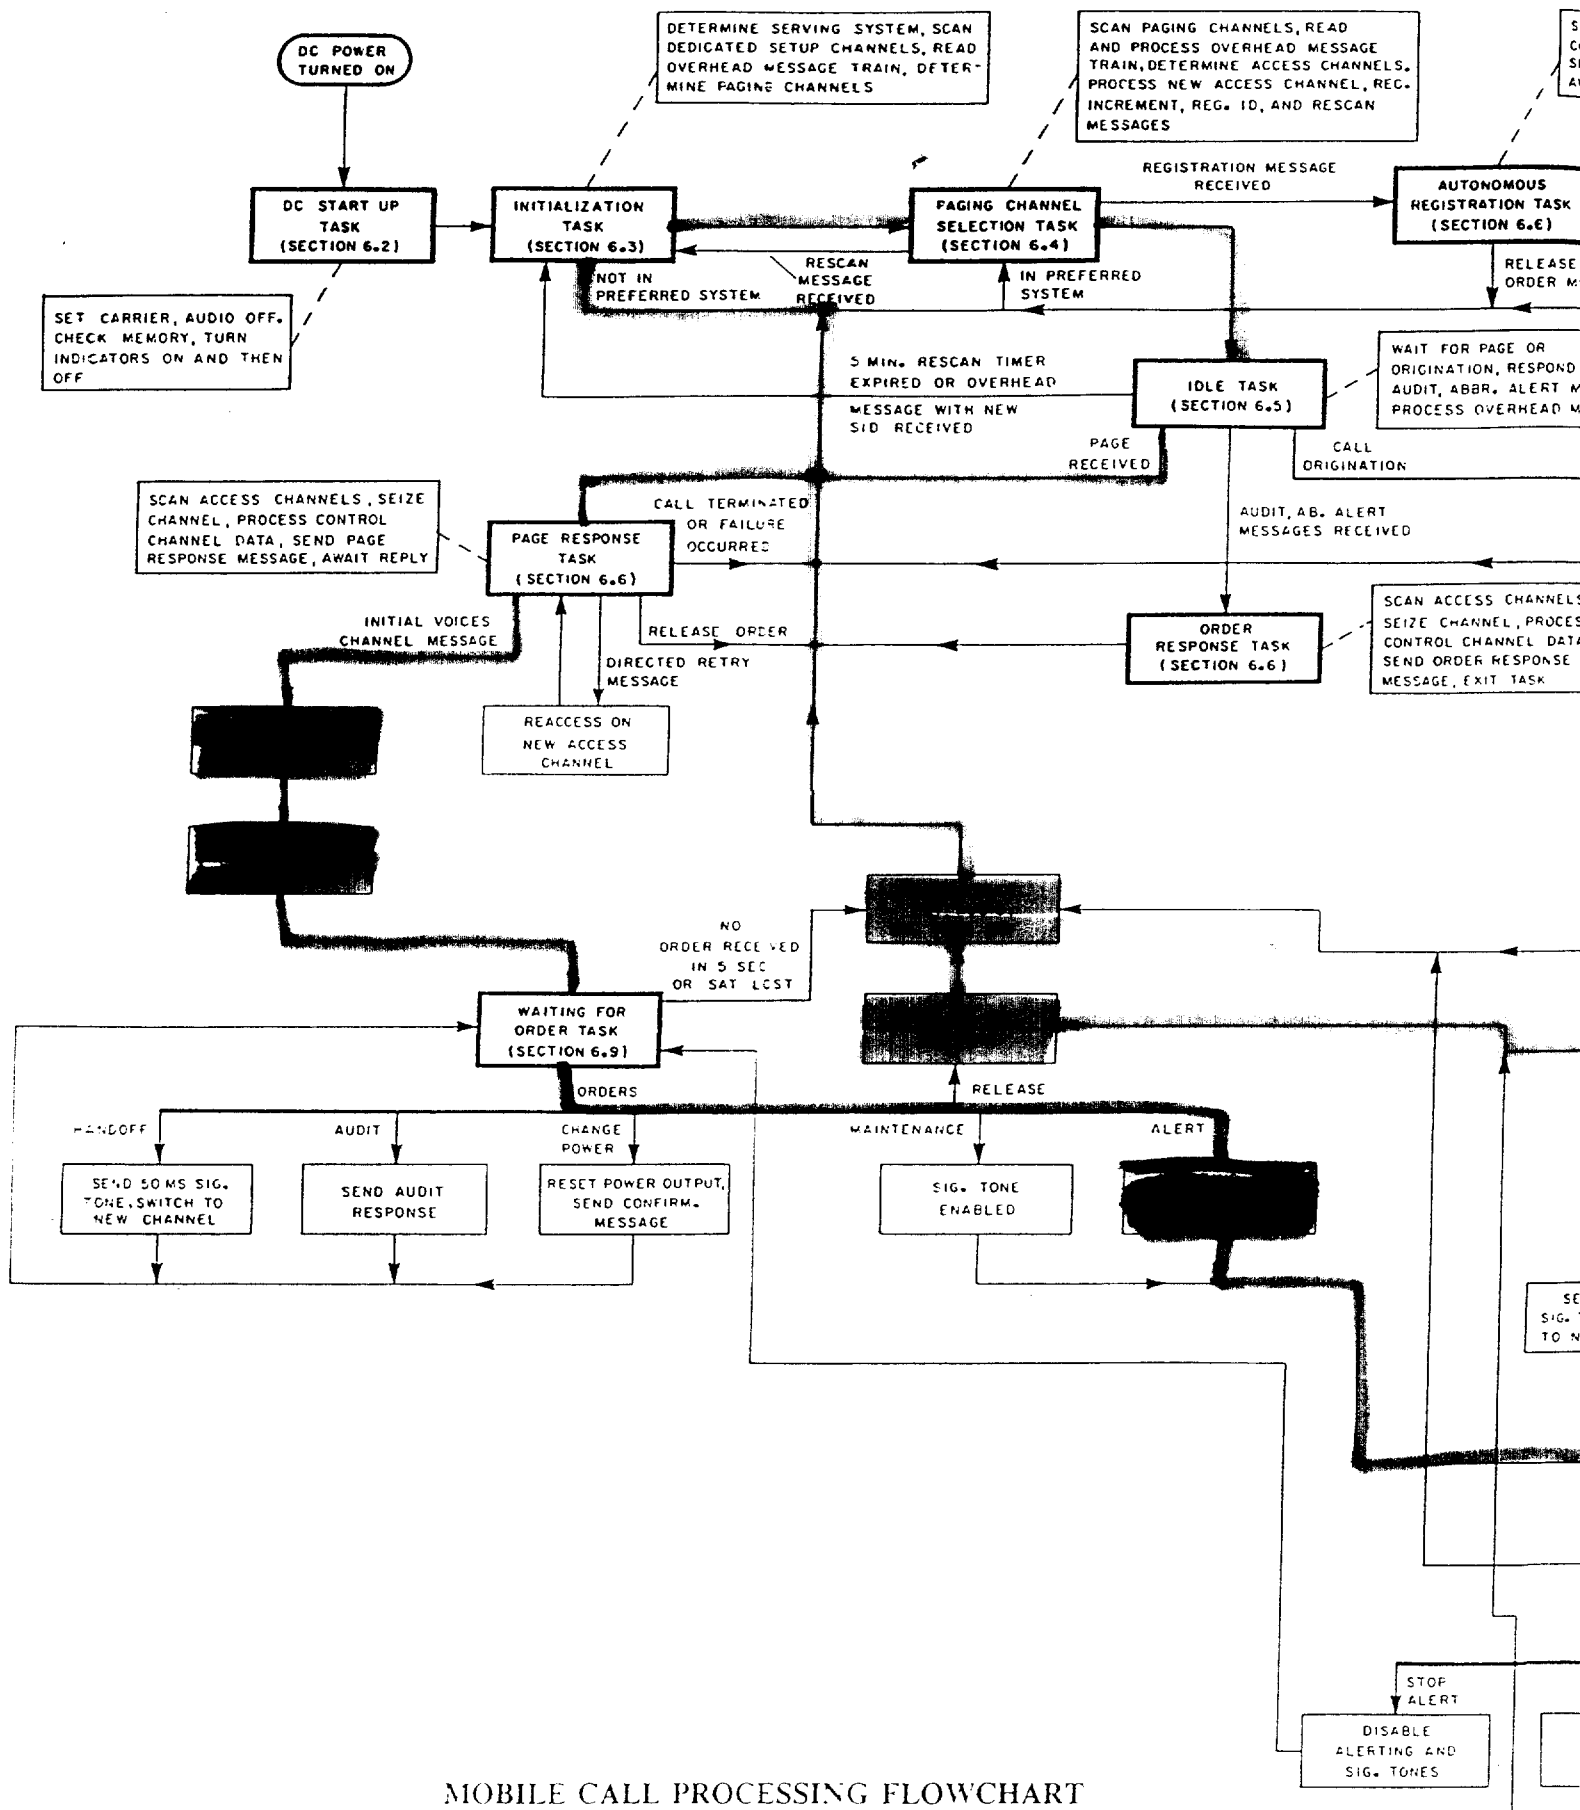

Sincerely,

Carol L. Bjelland
